Essence of Srimad Bhagawatam

Srimad Bhagawatam focuses the information on the Divine Birth, life and teachings of Sri Krishna. It is a unique Purana, with spiritual messages enveloped in each incident, of the Lord's earthly life. He took birth in Mathura, the same night was brought to Braj (Gokul) where He spent 5 years, then went to Vrindavan where He performed His Leela for 7 years and then lived for 13 years in Mathura, His Karma Kshetra.

So, it will be really a great opportunity for devotees to know about Him listening Bhagawat Katha through Bhagawat Saptaha in His own Leela Bhumi, with Darshan of the few of His sacred Leela Kshetras mentioned below.
